Hero Awards

Mike Wright, Kent Nelson, Michael Roach, and Kelston Aitken
(not pictured)

These gentlemen were all recognized for their compassion and service towards another associate. Some of you may not know Dennis Cattell who worked at the Cougar store. He was diagnosed with stage 4 cancer not too long ago and was in the hospital. When **the store hadn't heard from him** for a few days, these men took it upon themselves to track him down. The hospital was not allowing **Dennis to go home because he didn't have any family here to take care of him. What they didn't know is that Dennis worked for** Harmons and the Cougar store was his family. Kent, Michael, Kelston and Mike committed to taking care of Dennis and prepared his home so he could be released from the hospital.

Once home, our heroes took turns spending time with and checking on Dennis so that he would have 24 hour care. They cared for him and made him comfortable in his last days. Although Dennis did pass away, we know that he felt the compassion and generosity of these **amazing men. We know how full one's life can be these days and the** time, care and concern that was displayed for Dennis shows that these men are true heroes.

He goes above and beyond to help others and treats everyone with great **respect. I’ve had 3 different Store Directors** and getting to know Todd has been amazing. He always has a positive attitude no matter the situation. I know for a fact that he is an inspiration to all.
